

Advanced Science and Technology Letters

The ASTL series is committed to the publication of proceedings of Advanced Science and Technology. Its objectives is to publish original research in various areas of Science and Technology. This will provide good chances for academic and industry professionals to discuss recent progress in areas of Science and Technology.

Research papers were strictly peer-reviewed by program committees to make sure that the papers accepted were high quality and relevant to the current and future issues and trends in Science and Technology.

The scope of ASTL includes the entire area of science and technology from the current and future trends. The Language of publication is English. The Authors have to sign the SERSC ASTL copyright transfer form.
