

Preface

We would like to welcome you to the Regular Papers proceedings of The 2012 International Conference on Computer and Applications (CCA 2012) which was held March 30-31, 2012 at Olympic Parktel, Seoul, Korea

CCA 2012 is focused on various aspects of advances in Computer and Applications. It provided a chance for academic and industry professionals to discuss recent progress in the related areas. We expect that the conference and its publications will be a trigger for further related research and technology improvements in this important subject. We would like to acknowledge the great effort of all the Chairs and members of the Editorial Committee.

We would like to express our gratitude to all of the authors of submitted papers and to all attendees, for their contributions and participation. We believe in the need for continuing this undertaking in the future.

Once more, we would like to thank all the organizations and individuals who supported this event as a whole and, in particular, helped in the success of CCA 2012.

March 2012
