

Preface

We would like to welcome you to the Regular Papers proceedings of the Third International Conference on Security-enriched Urban Computing and Smart Grid (SUCoS 2012) which was held on July 29-31, 2012, at HF IPANEMA PARK, Porto, Portugal.

SUCoS 2012 is focused on various aspects of advances in Security-enriched Urban Computing and Smart Grid. It provided a chance for academic and industry professionals to discuss recent progress in the related areas. We expect that the conference and its publications will be a trigger for further related research and technology improvements in this important subject. We would like to acknowledge the great effort of all the Chairs and members of the Editorial Committee.

We would like to express our gratitude to all of the authors of submitted papers and to all attendees, for their contributions and participation. We believe in the need for continuing this undertaking in the future.
